## CHMM EXAM

All testing is computer-based and is offered through the Institute of Hazardous Materials Management (IHMM). The CHMM exam is held during the last two weeks of odd-numbered months. We have scheduled the class so that you will have the information fresh for the exam at the end of May.

Refer to [www.ihmm.org](http://www.ihmm.org) for more information on the schedule for the Certified Hazardous Materials Practitioner or Hazardous Materials Manager-In-Training exam.

## COURSE INFORMATION

The Essentials of Hazardous Materials Management Course is intended for experienced individuals who have been assigned duties or responsibilities related to management of hazardous materials and wastes. It is ideal for technicians, engineers, scientists, facility supervisors and managers, and regulators. Course attendance does not ensure the CHMM exam will be passed, but helps give attendees the tools needed to study for the exam. All sessions are taught by instructors with extensive experience in the topic covered.
