The New England Chapter of the Academy of Certified Hazardous Materials Managers (NEACHMM) is holding its annual **Essentials of Hazardous Materials Management Course** to help you gain a foundation and prepare for the CHMM Exam. The course can also be used by current CHMMs to obtain Credential Maintenance Points (CMP). The Essentials of Hazardous Materials Management Course is intended for experienced individuals who have been assigned duties or responsibilities related to management of hazardous materials and wastes. It is ideal for technicians, engineers, scientists, facility supervisors and managers, and regulators. Course attendance does not ensure the CHMM exam will be passed, but helps give attendees the tools needed to study for the exam. All sessions are taught by instructors with extensive experience in the topic covered.

## COURSE DETAILS

The course includes 4 full-day sessions. A portion of the final day is dedicated to questions and answers, study questions, and other exam preparation.
