ASSE: Tom Rich at trich@walshbrothers.com
NEACHMM: Zehra Schneider Graham at zehra@umb.edu
The food is ordered on the basis of your response; “no-shows” mean wasted food
-

The Greater Boston Chapter of ASSE will hold a joint meeting with the New England Chapter of the Academy of Certified Hazardous Materials Managers (NEACHMM) on Thursday, June 21st. This meeting is a great chance to meet some ASSE safety professionals & ACHMM’s Hazardous Materials Managers from the New England area!

This promises to be a great meeting! The New England ACHMM chapter has teamed with the Greater Boston Chapter of ASSE for several years. These meetings have been quite successful in the past and this topic is sure to draw a good crowd so RSVP as soon as possible to guarantee a seat. Feel free to bring a friend along!

ASSE + NEACHMM members, their guests, and anyone with an interest in hazardous materials management are welcome to attend. If this is your first meeting with ASSE or CHMM - - great! Remember, you do not need to be a member of NEACHMM or ASSE to attend, so make an effort to join us if you are available.

We need to get a headcount ahead of time, so please RSVP now!

NEXT NEACHMM MEETING (2007 MEETING #5)

September 25, 2007

Subject: TBD

Speaker Bio:

Mike Walters, P.E., C.I.H.

Mike is currently the Manager of Industrial Hygiene and Occupational Health at Polaroid, where he is responsible for verification and certification of building decontamination projects for Polaroid prior to demolition. He also works as an independent environmental health consultant where he has performed a number of similar building and laboratory decontamination certification assessments.

Mike has been employed by Polaroid for over 35 years where he has been responsible for many innovative Health and Environmental projects. These projects include: the investigation of microbiological and trace chemical aspects of indoor air quality; the measurement of occupational exposures; risk assessment of process and product emissions; asbestos management, industrial wastewater treatment process and system design and the evaluation of energy use and energy emissions.

Mike has a BS in Chemical Engineering from the University of Massachusetts, a MS in Environmental Engineering from Northeastern University, and a Doctor of Science in Environmental Health from Harvard University. He is a practicing Professional Engineer and Certified Industrial Hygienist.

Mike also is an adjunct faculty member at Harvard University's School of Public Health where he lectures on the practical aspects of industrial hygiene associated with chemical operations.

DIRECTIONS

**To Polaroid Corporation; 1265 Main St., Building W6
Chemical Operations; Waltham, MA 02451**

From 128 North or South

- **Take Exit 26 and proceed around rotary towards Rte 20 East (towards Waltham).**
- **Stay in the left-hand lane, past the Texaco Station and turn left onto Stow Street - a sign will state 'To Rte 117'—Rte 117 and Main St. are the same street**
- **At the stoplight go directly through the light into Polaroid property. This is the Waltham Main Street campus and 128 will be on your left as you cross Main Street/Rte 117.**
- **Follow this road past all the buildings on your right (Rt 128 should be on your left). Go up the hill and turn into the second parking lot. Park at the end of the lot and follow signs to Bldg. W6 Cafeteria.**

**IF YOU NEED TO REACH US AT THE MEETING FACILITY, CALL
JIM HARRISON @ 781- 858-7485**
